STORY 1

Madame Tarot

GENRE Novel**LOGLINE**

A former cop turned tarot master hunts for her missing sister in the neon-lit underbelly of Seoul, using instinct over protocol to profile killers—while battling her ex-husband detective and a system that failed her.

SYNOPSIS

Madame Tarot is a psychological crime thriller where intuition meets procedure.

Jo Seo-ran, once a promising detective, abandoned the force when her younger sister vanished and the police dismissed it as a runaway case. Now known as Madame Tarot, she works the nightlife district as a reader for women no one else listens to. Her unique method—tarot-based criminal profiling—blends criminology with archetypes, symbolism, and instinct. Each episode follows a self-contained case (murder, fraud, missing persons) that exposes deeper systemic failures, while the serialized spine follows her relentless search for her sister Seo-hee.

This is not just about solving crimes. It's about women silenced by institutions, sisters bound by trauma, and one woman's refusal to obey rules that never protected her.

The School Law Firm

GENRE Legal Drama, Youth, Comedy-Drama

NO. OF EPISODES 12 Eps

LENGTH PER EPISODE 50 mins

LOGLINE

A rookie lawyer, stuck with an internship at a high school snack bar, becomes the unlikely defender of teenagers facing real-world legal battles—charging nothing more than a banana milk for her services.

SYNOPSIS

School Law Firm is a high school legal dramedy where law meets adolescence.

Bae Rosa, a brilliant but underdog law graduate, fails to land a job at a major firm and is sent to work at a high school convenience store. Just when she thinks her career is doomed, she stumbles into students' hidden struggles—wage theft, unfair expulsions, copyright exploitation, illegal contracts, even school corruption.

By applying real law in absurd places—hallways, cafeterias, playgrounds—she fights back against injustice, one case at a time. Her victories earn her a reputation as “the snack bar lawyer,” where her legal fee is just a carton of banana milk. The series balances episodic teen cases of the week with Rosa's personal arc: a young lawyer proving her worth, clashing with her first love turned rival, and rediscovering why she became a lawyer in the first place.
